## About SFPS

Sioux Falls  
Psychological  
Services, founded in  
1974, serves Sioux  
Falls and its sur-  
rounding communi-  
ties. Our team of

multidisciplinary mental health professionals are well trained, experienced, and committed to meeting the emotional, relational, and spiritual needs of individuals and families.

When the client desires it, our therapists are able to integrate their faith in God with their approach to therapy in helpful and professional ways.

## Available Services

We provide a wide range of psychological and relationship therapy services for individuals, couples, and families. Because we have a large and diverse professional staff, we can in most cases connect you to a therapist who has the right training and set of skills to help you address your concerns and questions.

## Seminars/Consultations

Clergy and interested lay people are invited to attend relevant seminars when offered. Clergy wanting to consult with a therapist regarding a difficult pastoral care situation are welcome to call at no charge.

## Offering Hope

Much can be gained from therapy—increased self-awareness, improved coping skills, enhanced interpersonal relationships, and more. Contact us today. Most appointments are scheduled within three working days.

## Offering Hope
